

Here are a few good reasons to visit [fishersci.com/chemicals](http://fishersci.com/chemicals) or [fishersci.ca/chemicals](http://fishersci.ca/chemicals)

<b>GET INFORMATION</b>	<ul style="list-style-type: none"> <li>• Special offers and promotions specific to your areas of interest</li> <li>• Download specification sheets, certificates of analysis and safety datasheets</li> <li>• Technical support for applications</li> <li>• Chemical data and information</li> </ul>
<b>ORDER</b>	<ul style="list-style-type: none"> <li>• Securely access your account using your ID and password</li> <li>• View real-time product availability</li> </ul>
<b>CUSTOMIZE</b>	<ul style="list-style-type: none"> <li>• Full access to search, select and purchase items from our broad range of products.</li> <li>• When you are registered, you can see discounted prices (specific to your account) and review previous orders</li> </ul>

## Find it fast with the ChemSearch app

Discover the Acros Organics and Alfa Aesar compounds you need — anywhere, anytime

Download the ChemSearch App to your iPad™ or Android device, or use it on our website to:

- Simplify your search through more than 62,000 chemicals
- Find the purity and pack size you need
- Check technical details — specifications, physical properties and safety information
- See pricing and availability to make your purchase

Visit [fishersci.com/ChemicalResource](http://fishersci.com/ChemicalResource) to download the app or click “Chemical Structure” on [fishersci.com](http://fishersci.com) to get started (U.S. only).

# Find the right chemicals

for your discovery, synthesis and analysis

The Fisher Scientific channel, part of Thermo Fisher Scientific, is your partner of choice for chemicals and reagents.

Whatever your field of activity – industry, production, quality control, research, analysis or development, our team provides you with the best service and support available.

### In the United States:

For customer service, call 1-800-766-7000  
To fax an order, use 1-800-926-1166  
To order online: [fishersci.com](http://fishersci.com)

### In Canada:

For customer service, call 1-800-234-7437  
To fax an order, use 1-800-463-2996  
To order online: [fishersci.ca](http://fishersci.ca)

Innovative packaging for quality, safety and convenience

We offer you a range of packaging solutions including:

- **EcoSafePak™** – Styrofoam™-free, eco-friendly and sturdy SF (Sustainable Forest Initiative)-certified shipping containers
- **QR Codes** – scan to retrieve SDS and lot-specific CoFA
- **Safe-Cote™** – bottle treatment offers accidental breakage content containment
- **FisherLOCK™ closures** – secure, tamper-evident caps with color-coded bands to indicate storage and handling precautions
- **HDPE bottles** – to maintain product quality and ensure safer, easier handling
- **AcroSeal™** – for your air- and moisture-sensitive applications
- **High-volume solvent delivery systems**

# Thermo Fisher Scientific Brands

## Fisher Chemical

### For Analytical Applications

We offer more than 5,000 Fisher Chemical™ acids, bases, solvents, dry chemicals, solutions and reagents for a variety of applications. We have chemicals for chromatography, elemental analysis or other analytical applications in a variety of settings: industry, production, quality control, research, routine analysis or development.

## Fisher BioReagents

### Reagents for Life Sciences Applications

Packaged for convenience, our superior-quality, value-added Fisher BioReagents™ products are prequalified and designed to meet the needs of a range of life sciences research applications.

## Affymetrix USB Biochemicals

Offering a complete solution of USB™ Biochemicals: including Hi-Res™ Agrose, ultrapure buffers, substrates, additives, and ACS grade reagents for a wide range of molecular biology, biochemistry, and cell culture applications.

## Acros Organics

### Fine Chemicals and Organic Reagents

The Acros Organics™ portfolio features more than 20,000 organic molecules, including essential chemicals, functional reagents and organic building blocks to meet the evolving needs of organic and medicinal chemists.

## Alfa Aesar

### Research Chemicals, Metals and Materials

The Alfa Aesar™ portfolio offers over 46,000 chemicals, metals, and life sciences products for research and development. If you don't find what you need, our manufacturing capabilities offer you customized product and packaging options.

## Maybridge

### Compounds to Facilitate Drug Discovery

From hit finding to lead optimization, the Maybridge™ portfolio offers a comprehensive range of chemistry products and services tailored to the drug discovery and biotechnology sector. For over 50 years, Maybridge products have been at the forefront of innovative heterocyclic building block design, fueled by the desire to access novel molecules of pharmaceutical interest.

## We Support Your Chemistry

Optimize your own resources when you use our secure and validated global supply chain, global sourcing capabilities, and manufacturing, quality control and packaging expertise.

When you require something different, our Specialized Chemical Services (SCS) program offers:

Manufacturing

Tailored Specifications

Mixtures and Blends

Customized Packaging

Bulk and Semi-bulk Chemicals

Custom Synthesis

Testing Services

Reduced waste

Sourcing Support
