

new lab start-up program

Build. Equip. Manage. Excel.

Congratulations on Your New Lab

Let us help you get started!

The New Lab Start-Up Program (NLSU) gives you exclusive, 12-month access to money-saving offers on the supplies you need to help your lab excel while maximizing your budget. The program includes more than 50 special offers that could save you thousands of dollars in start-up costs.

Our suppliers are offering discounts across a broad range of products, giving you the opportunity to choose the items you want from the brands you trust most.

NOTE: The offers listed in this brochure may only feature a sample of the qualifying and redeemable products available for each promotion. Visit the offer link to view the full details of each promotion. Promotions are subject to change. Check the New Lab Start-Up website for the most up-to-date list of available promotions.

U.S. Only: These promotions are not available to our current or potential healthcare customers. Healthcare customers include any healthcare practitioner, other healthcare provider or any individual or organization authorized to prescribe, dispense, purchase or influence the acquisition or use of medical devices or supplies for clinical use. Healthcare customers include, without limitation, any "Health Care Practitioner" under the Massachusetts Marketing Code of Conduct Law (defined at 105 C.M.R §907.004) or a "Health Care Provider" under the Vermont Prescribed Products Gift Ban and Disclosure Law (defined at Vt. Stat. Ann. Tit. 18, §4631a(8)). By participating in any of these promotions, you warrant that you are not a current or potential healthcare customer. Thermo Fisher Scientific reserves the right to determine your status in the event of a dispute.

This Is How It Works

Step 1: Qualify

To qualify for the New Lab Start-Up Program, you must have met at least one of these criteria within the past 12 months:

- Built or established a new lab
- Received your first research grant
- Moved to a new location

In the U.S., current or potential healthcare customers are not eligible for the New Lab Start-Up Program. Because many institutions have affiliations with healthcare professionals (HCPs), we need to validate that your lab's activity, personnel, and purchasing are not considered HCPs prior to admission into the New Lab Start-Up Program.

Visit fishersci.com/newlab or fishersci.ca/newlab to apply.

Once your application is accepted, you'll receive a welcome email with your unique **PIN**. Keep your **PIN** handy. You'll need it to sign in whenever you redeem a New Lab Start-Up offer.

Step 2: Shop

When you find an offer you'd like to redeem, purchase the qualifying product, and then follow the steps below. Don't forget to review the offer guidelines before making your purchase, as each program offer has different conditions.

1. With your **PIN** ready, access the redemption center at the top of fishersci.com/newlab or fishersci.ca/newlab. At this point, you'll be prompted for your **PIN** and email address.
2. Select the manufacturer or brand associated with the promotion you wish to redeem, then choose the appropriate offer.
3. Visit the original offer page to see a list of all the redeemable products associated with your chosen promotion.
4. Review and make your selection.
5. When you've chosen your redeemable product(s), enter the catalog number(s) into the field(s) that appear.

NOTE: Product redemptions are at list price. Visit fishersci.com/newlab or fishersci.ca/newlab for full redemption instructions.

Step 3: Save

Finally, enter your qualifying order number and hit **Submit**. That's it!

Take advantage of as many NLSU promotions as you'd like during your membership in the program. Each offer is limited to one redemption.

Your redeemable product(s) will be delivered approximately six to eight weeks after your submission.

Visit fishersci.com/newlab or fishersci.ca/newlab for more promotion and redemption information.

Frequently Asked Questions

- Q** Where do I sign up for the New Lab Start-Up Program?
A: Visit fishersci.com/newlab or fishersci.ca/newlab to sign up.
- Q** How long will it take to get my **PIN**?
A: Timelines vary due to review processes and volume of applications.
- Q** What should I do if I forget my **PIN** or experience issues with it?
A: Please contact NewLabStartUp@thermo.com for help with most **PIN** issues.
- Q** How long will it take for me to receive my redeemed products after submitting a redemption form?
A: It can take six to eight weeks from the day you send the NLSU redemption form. If there are any issues with the redemption or more information is needed, delays may occur. In this case, an NLSU team member will contact you.

- Q** When does my 12-month period begin?
A: Your 12-month period begins as soon as you apply for the program and receive your **PIN**.
- Q** How is a Healthcare Professional (HCP) defined?
A: HCPs include individuals conducting activity tied to patient care, including the purchase, lease, use, arrange for purchase or lease thereof, recommendation or prescription of medical products that could be used in patient care.
- Q** Can I redeem an offer more than once?
A: No. Each offer can be redeemed only once.
- Q** Am I able to combine multiple purchase orders to meet the qualifications of the offer?
A: All qualifying purchases for an offer must be made on a single purchase order.
- Q** How do I submit a redemption form?
A: Visit fishersci.com/newlab or fishersci.ca/newlab. Select **Log In & Redeem**. Use your NLSU **PIN** and email address to submit your redemptions.

- Q** Can my **PIN** be reactivated?
A: No. We can't reactivate an NLSU **PIN**.
- Q** How long do I have to submit my redemption(s)?
A: You have 12 months from the day you were approved for the NLSU program to redeem your items.
- Q** Who can I contact if I have issues with a redemption?
A: Please contact NewLabStartUp@thermo.com with any redemption-related issues.
- Q** Can I use my special pricing on redemptions?
A: No. All product redemptions are done at Fisher Scientific list price.
- Q** If the product I want to redeem exceeds the "up to" dollar amount for the offer, may I redeem and pay the difference?
A: No. The list price total for the redeemed item(s) cannot exceed the "up to" dollar amount listed on the offer.
