THE NEW AnsellGUARDIAN® is available virtually!

We've developed a new, virtual process for AnsellGUARDIAN® to run a virtual safety assessment to protect even while working at distance. We are fully equipped to provide you all the benefits of an AnsellGUARDIAN® assessment without the need to visit your facility in person.

1. We'll gather data about your current PPE virtually, by teleconferencing with your end-users and reviewing video clips of applications and processes. All intellectual property is highly secure and fully protected with NDAs.
2. Our safety experts will perform an AnsellGUARDIAN® assessment to help your customers improve their safety, productivity, combining 45 years of safety assessment experience with a data-driven methodology, delivering unique personalized assessments.
3. With our contactless implementation, we'll send you samples and launch videos, to validate your recommendation and train your workforce. We're committed to ensuring successful implementation.

**VIRTUAL
ASSESSMENT
POSSIBLE**
