Hard Hats

You can request customized hard hats through the MSA Logo Express™ service. Experienced graphic designers will position your logo, making sure that it is not only placed to last, but accurately represents your brand in color, size, and shape.

About

Hard hats can be customized with your company name, logo, striping, and more. You simply choose the hard hat style, suspension, and supply logo requirements, then the MSA Logo Express service will create a custom hard hat.

It can be tricky to avoid logo distortion due to the curvature of the hard hat. That's why the MSA Logo Express service employs graphic designers for this job. These skilled artisans ensure each logo is placed properly — despite the shape of the hard hat.
