

# SafeMask® Premier Elite™ ProShield

Earloop Face Mask with Visor

## FULL FACE PROTECTION now in 3 colours

### ASTM Level 3 mask with integrated visor ensures full face protection

According to the CDC, protective eyewear with gaps between glasses and the face likely do not protect eyes from all splashes and sprays.\* Premier Elite™ ProShield is a high-barrier mask with an integrated wraparound shield that reliably protects eyes, making it ideal for treating high-risk patients and for procedures producing heavy amounts of airborne particles, moisture, spray and spatter.

\*Interim Infection Prevention and Control Recommendations for Healthcare Personnel During the Coronavirus Disease 2019 (COVID-19) Pandemic, updated July 15, 2020.
