

Now One Source for Life Sciences

Starting May 18, 2017, University of Michigan will order Thermo Scientific, Applied Biosystems, Invitrogen, and Gibco life science products through one source on the Fisher Scientific M Marketsite.

What's the Same

- U Mich pricing and agreements
- Your Sales Team
- World-class Technical Support
- Access to the entire Thermo Fisher Scientific portfolio
- Ability to order configurable products, and access to custom products and services

What's Changing

- You now have one source for all life science needs. You will place orders through the Fisher Scientific M Marketsite
- Freight is now INCLUDED in purchase price
- Affymetrix products are now Invitrogen – and purchased on the same platform (fishersci.com) as all Invitrogen products

Visit with your sales team to learn more about these changes, M Marketsite, and new products.
