IN IT TOGETHER

The Fisher Scientific brand is the preferred provider of laboratory supplies, equipment, and chemicals to University of Nebraska. Visit fishersci.com catalog in eSHOP to browse products and programs and start saving.

We're excited to help you source the products you need, maximize your savings, and streamline your procurement process. We've already assigned your dedicated team of Fisher Scientific laboratory supply professionals, a dedicated customer service rep that only work on behalf of University of Nebraska and they're ready to help you create true and measurable value. Count on us to help you source the products you need as well as:

- Maximize Savings
- Streamline procurement processes
- Measure Results
- Provide value on a daily basis
- Provide cutting edge technology
- Cross reference product and strive to be the low cost provider for all your science needs

We are excited about this partnership between the Fisher Scientific team and University of Nebraska, and look forward to working together.

The Fisher Scientific™ brand is your single source for a comprehensive range of lab equipment, chemicals, instruments, biological products, and supplies. Our extensive list of exclusive alliances with major manufacturers allows us to give you easy access to products that are in high demand — all from one source.

This contract is all about you. We're here to be your partner in the lab — every day.

ADDING VALUE

Personal and Technical Support

Fisher Scientific sales representatives provide personalized application support for your life sciences needs. Our technical sales representatives, safety specialists, and generalists have expert knowledge of the newest products and advanced technologies, so they can offer you effective and efficient application-based solutions.

Extensive Product Portfolio

The Fisher Scientific channel offers the best laboratory products and analytical technologies available. Our extensive product portfolio features more than 1 million products and services from over 10,000 suppliers, including many exclusive relationships in which we are the only authorized distributor of the product line.

Supply Assurance

Ensuring that you have the right product at the right time is critical. We stock products locally for quick delivery, so most items will ship the same day if your order is placed before 2:00 p.m. local time. Plus, you can purchase products online every day. Our up-to-date online product listings make ordering the latest products, as well as your staple purchases, easier and more convenient than ever. Then, use our order tracking feature to easily follow your order from purchase to delivery.

Supplier Diversity

The Fisher Scientific channel is dedicated to providing equal supplier opportunities to businesses owned by people of color, women, and veterans. Maintaining and developing supplier diversity contributes to strategic growth and market expansion goals that allow us to bring you quality products. We believe that pursuing supplier diversity further benefits our customers with additional options in choosing a qualified vendor to meet purchasing goals or requirements.

Thank you for giving us the opportunity to supply the products and services you need to make your procurement process easier, more cost effective, and more efficient. In today's challenging business environment, we understand the importance of leveraging our supplier relationships to offer you the best choice of products and services at competitive prices.

ORDERING MADE EASY

Without your lab essentials, the work just can't get done. We get it. That's why we're making it easier than ever to do business on fishersci.com:

- Build, place, manage, and track orders with just a few clicks
- Find the information you need with familiar features and functions:
 - Search, browse, and compare products
 - Filter selections
 - View prices and availability
 - Place orders
 - Order or download literature
 - Find certificates of analysis and safety data sheets
 - Shop special offers
- Customize fishersci.com to fit your needs
