Emergency Telephone Number

For information **US** call: 001-800-ACROS-01 / **Europe** call: +32 14 57 52 11 Emergency Number **US**:001-201-796-7100 / **Europe:** +32 14 57 52 99 **CHEMTREC** Tel. No.**US**:001-800-424-9300 / **Europe:**001-703-527-3887

2. Hazard(s) identification

### Classification

Classification under 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200)

This chemical is not considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200)

Label Elements None required

Hazards not otherwise classified (HNOC) None identified

| 3. Composition/Information on Ingredients |  |                      |                        |  |
|---|--|----------------------|------------------------|--|
| Component<br>myo-Inositol                 |  | CAS No<br>87-89-8    | <b>Weight %</b><br>>95 |  |
| 4. First-aid measures                     |  |                      |                        |  |
| Eye Contact                               | Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Get medical attention.          |                      |                        |  |
| Skin Contact                              | Wash off immediately with plenty of water for at least 15 minutes. Get medical attention immediately if symptoms occur.  |                      |                        |  |
| Inhalation                                | Remove to fresh air. Get medical attention immediately if symptoms occur. If not breathing, give artificial respiration. |                      |                        |  |
| Ingestion                                 | Do NOT induce vomiting. Get medical attention.   |                      |                        |  |
| Most important symptoms and               | No information available.  |                      |                        |  |
| effects<br>Notes to Physician             | Treat symptomatically  |                      |                        |  |
|   | 5. Fi  | re-fighting measures |                        |  |
| Suitable Extinguishing Media              | uitable Extinguishing Media Water spray, carbon dioxide (CO2), dry chemical, alcohol-resistant foam.                     |                      |                        |  |
| Unsuitable Extinguishing Media            | No information available   |                      |                        |  |
| Flash Point<br>Method -                   | No information available<br>No information available   |                      |                        |  |

| Autoignition Temperature<br>Explosion Limits | No information available |
|--|--------------------------|
| Upper  | No data available        |
| Lower  | No data available        |
| Sensitivity to Mechanical Impact             | No information available |
| Sensitivity to Static Discharge              | No information available |

**Specific Hazards Arising from the Chemical** Keep product and empty container away from heat and sources of ignition.

### **Hazardous Combustion Products**

Carbon monoxide (CO). Carbon dioxide (CO<sub>2</sub>). **Protective Equipment and Precautions for Firefighters** As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

| <u>NFPA</u><br>Health<br>1 | Flammability<br>1                          | <b>Instability</b><br>0          | Physical hazards<br>N/A       |
|----------------------------|--|----------------------------------|-------------------------------|
|                            | 6. Accidental re                           | lease measures                   |                               |
| Personal Precautions       | Ensure adequate ventilation formation.     | on. Use personal protective equi | pment as required. Avoid dust |
| Environmental Precautions  | Should not be released int<br>Information. | o the environment. See Section   | 12 for additional Ecological  |

Methods for Containment and Clean Sweep up and shovel into suitable containers for disposal. Avoid dust formation. Up

|                               | 7. Handling and storage   |
|-------------------------------|---|
| Handling                      | Wear personal protective equipment/face protection. Ensure adequate ventilation. Avoid contact with skin, eyes or clothing. Avoid ingestion and inhalation. Avoid dust formation. |
| Storage.                      | Keep containers tightly closed in a dry, cool and well-ventilated place. Incompatible Materials. Strong oxidizing agents.   |
| 8. E                          | xposure controls / personal protection  |
| Exposure Guidelines           | This product does not contain any hazardous materials with occupational exposure limitsestablished by the region specific regulatory bodies.                                      |
| Engineering Measures          | None under normal use conditions.   |
| Personal Protective Equipment |   |
| Eye/face Protection           | Wear appropriate protective eyeglasses or chemical safety goggles as described by OSHA's eye and face protection regulations in 29 CFR 1910.133 or European Standard EN166.       |
| Skin and body protection      | Wear appropriate protective gloves and clothing to prevent skin exposure.   |
| <b>Respiratory Protection</b> | No protective equipment is needed under normal use conditions.  |
| Hygiene Measures              | Handle in accordance with good industrial hygiene and safety practice.  |

### 9. Physical and chemical properties

| Physical State                         | Solid                         |
|--|-------------------------------|
| Appearance                             | White                         |
| Odor                                   | Odorless                      |
| Odor Threshold                         | No information available      |
| рН                                     | No information available      |
| Melting Point/Range                    | 220 - 228 °C / 428 - 442.4 °F |
| Boiling Point/Range                    | No information available      |
| Flash Point                            | No information available      |
| Evaporation Rate                       | Not applicable                |
| Flammability (solid,gas)               | No information available      |
| Flammability or explosive limits       |                               |
| Upper                                  | No data available             |
| Lower                                  | No data available             |
| Vapor Pressure                         | No information available      |
| Vapor Density                          | Not applicable                |
| Specific Gravity                       | No information available      |
| Solubility                             | Soluble in water              |
| Partition coefficient; n-octanol/water | No data available             |
| Autoignition Temperature               | No information available      |
| Decomposition Temperature              | No information available      |
| Viscosity                              | Not applicable                |
| Molecular Formula                      | C6 H12 O6                     |
| Molecular Weight                       | 180.16                        |
|  |                               |

## 10. Stability and reactivity

| Reactive Hazard   | None known, based on information available                |  |
|---|---|--|
| Stability   | Stable under normal conditions.                           |  |
| Conditions to Avoid   | Incompatible products. Excess heat. Avoid dust formation. |  |
| Incompatible Materials  | Strong oxidizing agents                                   |  |
| Hazardous Decomposition Products Carbon monoxide (CO), Carbon dioxide (CO2) |   |  |
| Hazardous Polymerization  | Hazardous polymerization does not occur.                  |  |
| Hazardous Reactions   | None under normal processing.                             |  |

11. Toxicological information

### Acute Toxicity

|                       |                           |

| Teratogenicity           | No information available. |
|--------------------------|---------------------------|
| STOT - single exposure   | None known                |
| STOT - repeated exposure | None known                |

STOT - repeated exposure

Aspiration hazard No information available Symptoms / effects, both acute and No information available

| Endocrine Disruptor Information | No information available |
|---------------------------------|--------------------------|

**Other Adverse Effects** The toxicological properties have not been fully investigated.

12. Ecological information

### Ecotoxicity

.

delayed

| Persistence and Degradability        | Persistence is unlikely   |
|--------------------------------------|---|
| <b>Bioaccumulation/ Accumulation</b> | No information available.   |
| Mobility                             | . Will likely be mobile in the environment due to its water solubility. |

| Component    | log Pow |
|--------------|---------|
| myo-Inositol | -2.08   |

|                        | 13. Disposal considerations   |
|------------------------|---|
| Waste Disposal Methods | Chemical waste generators must determine whether a discarded chemical is classified as a hazardous waste. Chemical waste generators must also consult local, regional, and national hazardous waste regulations to ensure complete and accurate classification. |
|                        | 14. Transport information   |
| DOT                    | Not regulated   |
| DOT                    | Not regulated   |
| IATA                   | Not regulated   |
| IMDG/IMO               | Not regulated   |
