

# SAFETY DATA SHEET

Creation Date 04-Mar-2010

Revision Date 19-Dec-2025

Revision Number 5

This safety data sheet was created pursuant to the requirements of: US OSHA Hazard Communication Standard 2024 (29 CFR 1910.1200)

## 1. Identification

**Product Name** ACES

**Cat No. :** AC327670000; AC327670010; AC327670250; AC327671000;  
AC327672500

**CAS No** 7365-82-4  
**Synonyms** N-(2-Acetamido)-2-aminoethanesulfonic acid; N-(Carbamoylmethyl)taurine

**Recommended Use** Laboratory chemicals.  
**Uses advised against** Food, drug, pesticide or biocidal product use.

### Details of the supplier of the safety data sheet

#### Company

Fisher Scientific Company  
One Reagent Lane  
Fair Lawn, NJ 07410  
Tel: (201) 796-7100

Acros Organics  
One Reagent Lane  
Fair Lawn, NJ 07410

#### **Emergency Telephone Number**

For information **US** call: 001-800-227-6701 / **Europe** call: +32 14 57 52 11

Emergency Number **US**:001-201-796-7100 / **Europe**: +32 14 57 52 99

**CHEMTREC** Tel. No. **US**:001-800-424-9300 / **Europe**:001-703-527-3887

## 2. Hazard(s) identification

### Classification

Classification according to [US] OSHA (29 CFR 1910.1200, 2024)

This product is not considered hazardous by the US OSHA Hazard Communication Standard 2024 (29 CFR 1910.1200).

### Label Elements

None required

### Hazards not otherwise classified (HNOC)

**Hazards classified under paragraph (d)(1)(ii) of 1910.1200**

No information available

**Other hazards**

May cause skin, eye, and respiratory tract irritation.

**3. Composition/information on Ingredients**

| Component                                    | CAS No    | Weight % |
|----------------------------------------------|-----------|----------|
| N-(2-Acetamido)-2-aminomethane sulfonic acid | 7365-82-4 | >95      |

**4. First-aid measures**

|                                            |                                                                                                                          |
|--------------------------------------------|--------------------------------------------------------------------------------------------------------------------------|
| <b>Eye Contact</b>                         | Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Get medical attention.          |
| <b>Skin Contact</b>                        | Wash off immediately with plenty of water for at least 15 minutes. Get medical attention immediately if symptoms occur.  |
| <b>Inhalation</b>                          | Remove to fresh air. Get medical attention immediately if symptoms occur. If not breathing, give artificial respiration. |
| <b>Ingestion</b>                           | Do NOT induce vomiting. Get medical attention.                                                                           |
| <b>Most important symptoms and effects</b> | No information available.                                                                                                |
| <b>Notes to Physician</b>                  | Treat symptomatically                                                                                                    |

**5. Fire-fighting measures**

|                                         |                                                                                       |
|-----------------------------------------|---------------------------------------------------------------------------------------|
| <b>Suitable Extinguishing Media</b>     | Water spray, carbon dioxide (CO <sub>2</sub> ), dry chemical, alcohol-resistant foam. |
| <b>Unsuitable Extinguishing Media</b>   | No information available                                                              |
| <b>Flash Point</b>                      | No information available                                                              |
| <b>Method -</b>                         | No information available                                                              |
| <b>Autoignition Temperature</b>         | No information available                                                              |
| <b>Explosion Limits</b>                 |                                                                                       |
| <b>Upper</b>                            | No data available                                                                     |
| <b>Lower</b>                            | No data available                                                                     |
| <b>Sensitivity to Mechanical Impact</b> | No information available                                                              |
| <b>Sensitivity to Static Discharge</b>  | No information available                                                              |

**Specific Hazards Arising from the Chemical**

Thermal decomposition can lead to release of irritating gases and vapors.

**Hazardous Combustion Products**Carbon monoxide (CO). Carbon dioxide (CO<sub>2</sub>). Nitrogen oxides (NO<sub>x</sub>). Sulfur oxides.**Protective Equipment and Precautions for Firefighters**

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

**NFPA****Health**  
1**Flammability**  
1**Instability**  
0**Physical hazards**  
N/A

## 6. Accidental release measures

|                                  |                                                                                                                                              |
|----------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Personal Precautions</b>      | Use personal protective equipment as required. Ensure adequate ventilation. Avoid dust formation. Avoid contact with skin, eyes or clothing. |
| <b>Environmental Precautions</b> | Should not be released into the environment. See Section 12 for additional Ecological Information.                                           |

**Methods for Containment and Clean Up** Avoid dust formation. Sweep up and shovel into suitable containers for disposal.

## 7. Handling and Storage

|                 |                                                                                                                                                                          |
|-----------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Handling</b> | Wear personal protective equipment/face protection. Ensure adequate ventilation. Avoid dust formation. Do not breathe dust. Do not get in eyes, on skin, or on clothing. |
| <b>Storage.</b> | Keep containers tightly closed in a dry, cool and well-ventilated place. Incompatible Materials. Strong oxidizing agents.                                                |

## 8. Exposure controls / personal protection

**Exposure Guidelines** This product does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.

**Engineering Measures** None under normal use conditions.

### Personal Protective Equipment

|                                 |                                                                                                                                                                             |
|---------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Eye/face Protection</b>      | Wear appropriate protective eyeglasses or chemical safety goggles as described by OSHA's eye and face protection regulations in 29 CFR 1910.133 or European Standard EN166. |
| <b>Skin and body protection</b> | Wear appropriate protective gloves and clothing to prevent skin exposure.                                                                                                   |
| <b>Respiratory Protection</b>   | No protective equipment is needed under normal use conditions.                                                                                                              |
| <b>Recommended Filter type:</b> | Particle filter.                                                                                                                                                            |
| <b>Hygiene Measures</b>         | Handle in accordance with good industrial hygiene and safety practice.                                                                                                      |

## 9. Physical and chemical properties

|                                  |                             |                                              |
|----------------------------------|-----------------------------|----------------------------------------------|
| <b><u>Appearance</u></b>         |                             |                                              |
| <b>Physical State</b>            | Solid                       |                                              |
| <b>Color</b>                     | White                       |                                              |
| <b>Odor</b>                      | Odorless                    |                                              |
| <b>Odor Threshold</b>            | No information available    |                                              |
| <b><u>Property</u></b>           | <b><u>Values</u></b>        | <b><u>Remarks</u></b> <b><u>• Method</u></b> |
| <b>Melting Point/Range</b>       | 270 - 295 °C / 518 - 563 °F |                                              |
| <b>Softening Point</b>           | No data available           |                                              |
| <b>Boiling Point/Range</b>       | No information available    |                                              |
| <b>Flash Point</b>               | No information available    |                                              |
| <b>Flammability (liquid)</b>     | Not applicable              | <b>Method -</b> No information available     |
| <b>Flammability (solid,gas)</b>  | No information available    | Solid                                        |
| <b>Explosion Limits</b>          | No data available           |                                              |
| <b>Autoignition Temperature</b>  | No data available           |                                              |
| <b>Decomposition Temperature</b> | No data available           |                                              |

|                                         |                          |           |
|-----------------------------------------|--------------------------|-----------|
| pH                                      | 3.6-4.4                  | 1% aq.sol |
| Viscosity                               | Not applicable           | Solid     |
| Water Solubility                        | Soluble                  |           |
| Solubility in other solvents            | No information available |           |
| Partition Coefficient (n-octanol/water) |                          |           |
| Vapor Pressure                          | No data available        |           |
| Density / Specific Gravity              | No data available        |           |
| Bulk Density                            | No data available        |           |
| Vapor Density                           | Not applicable           | Solid     |
| Particle characteristics                | No data available        |           |
| <b>Other Information</b>                |                          |           |
| Molecular Formula                       | C4 H10 N2 O4 S           |           |
| Molecular Weight                        | 182.19                   |           |
| Evaporation Rate                        | Not applicable - Solid   |           |

## 10. Stability and reactivity

|                                  |                                                                                                            |
|----------------------------------|------------------------------------------------------------------------------------------------------------|
| Reactive Hazard                  | None known, based on information available                                                                 |
| Stability                        | Stable under normal conditions.                                                                            |
| Conditions to Avoid              | Avoid dust formation. Incompatible products. Excess heat.                                                  |
| Incompatible Materials           | Strong oxidizing agents                                                                                    |
| Hazardous Decomposition Products | Carbon monoxide (CO), Carbon dioxide (CO <sub>2</sub> ), Nitrogen oxides (NO <sub>x</sub> ), Sulfur oxides |
| Hazardous Polymerization         | Hazardous polymerization does not occur.                                                                   |
| Hazardous Reactions              | None under normal processing.                                                                              |

## 11. Toxicological information

### Information on expected route of exposure

|            |                                                                                                              |
|------------|--------------------------------------------------------------------------------------------------------------|
| Inhalation | Irritating to respiratory system. May be harmful if inhaled.                                                 |
| Ingestion  | May be harmful if swallowed. Ingestion may cause gastrointestinal irritation, nausea, vomiting and diarrhea. |
| Eyes       | Irritating to eyes.                                                                                          |
| Skin       | Irritating to skin. May be harmful in contact with skin.                                                     |

### Toxicology data for the components

|                                        |                          |
|----------------------------------------|--------------------------|
| Toxicologically Synergistic Products   | No information available |
| (b) skin corrosion/irritation;         | No data available        |
| (c) serious eye damage/irritation;     | No data available        |
| (d) respiratory or skin sensitization; |                          |
| Respiratory                            | No data available        |
| Skin                                   | No data available        |
| (e) germ cell mutagenicity;            | No data available        |

**(f) carcinogenicity;**

The table below indicates whether each agency has listed any ingredient as a carcinogen

| Component                                    | CAS No    | IARC       | NTP        | ACGIH      | OSHA       | Mexico     |
|----------------------------------------------|-----------|------------|------------|------------|------------|------------|
| N-(2-Acetamido)-2-aminomethane sulfonic acid | 7365-82-4 | Not listed | Not listed | Not listed | Not listed | Not listed |

**(g) reproductive toxicity;**

No data available

**(h) STOT-single exposure;**

No data available

**(i) STOT-repeated exposure;**

No data available

**Target Organs**

No information available.

**(j) aspiration hazard;**

Not applicable  
Solid

**Other Adverse Effects**

The toxicological properties have not been fully investigated.

**Symptoms / effects, both acute and delayed**

No information available.

**Other Adverse Effects**

The toxicological properties have not been fully investigated.

**Endocrine Disrupting Properties**

This product does not contain any known or suspected endocrine disruptors.

## 12. Ecological information

**Ecotoxicity**

Do not empty into drains.

**Persistence and Degradability**

Soluble in water Persistence is unlikely based on information available.

**Bioaccumulation/ Accumulation**

No information available.

**Mobility**

Will likely be mobile in the environment due to its water solubility.

## 13. Disposal considerations

**Waste Disposal Methods**

Chemical waste generators must determine whether a discarded chemical is classified as a hazardous waste. Chemical waste generators must also consult local, regional, and national hazardous waste regulations to ensure complete and accurate classification.

## 14. Transport information

**DOT**

Not regulated

**TDG**

Not regulated

**IATA**

Not regulated

**IMDG/IMO**

Not regulated

## 15. Regulatory Information

**United States of America Inventory**

| Component                                    | CAS No    | TSCA | TSCA Inventory notification - Active-Inactive | TSCA - EPA Regulatory Flags |
|----------------------------------------------|-----------|------|-----------------------------------------------|-----------------------------|

KECL - NIER number or KE number (<http://ncis.nier.go.kr/en/main.do>)**U.S. Federal Regulations****SARA 313**

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372

**SARA 311/312 Hazard Categories**

Should this product meet EPCRA 311/312 Tier reporting criteria at 40 CFR 370, refer to Section 2 of this SDS for appropriate classifications.

**CWA (Clean Water Act)**

Not applicable

**Clean Air Act**

Not applicable

**OSHA** - Occupational Safety and Health Administration

Not applicable

**CERCLA**

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material.

**California Proposition 65**

This product does not contain any Proposition 65 chemicals.

**U.S. State Right-to-Know Regulations**

Not applicable

**U.S. Department of Transportation**

Reportable Quantity (RQ):

N

DOT Marine Pollutant

N

DOT Severe Marine Pollutant N

**U.S. Department of Homeland Security** This product does not contain any DHS chemicals.

#### Other International Regulations

**Mexico - Grade** No information available
